MOTIS

SAFETY & SECURITY DECLARATIONS

REGISTER AT brexit@motis.com

Motis ICS is a simple online system that allows our haulier / carrier partners to create and lodge safety and security declarations into the Import Control System (ICS), which you will be required to complete as part of your ferry bookings, and enabling goods to move between GB, EU and NI.
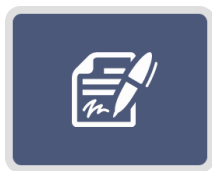

If you would like to receive more information on our new system, please contact brexit@motis.com or visit www.motis.com/brexit

A Safety and Security Declaration (SSD) is used by border authorities to analyse the potential risk caused to their territory by goods crossing their border. The 'Carrier' is responsible for submitting the Safety and Security Declaration. In RoRo (ferry) shipping for driver accompanied vehicles, this is the haulier.

MAKE YOUR OWN ONLINE ENS DECLARATION

ONLY £5/€5 PER DECLARATION
